Welcome Message

Welcome to **MAATRIKA 2026 - ISOPARB Hyderabad Chapter**

It gives us immense pleasure to invite you to MAATRIKA 2026, the Annual Conference of ISOPARB Hyderabad Chapter, scheduled on 26th & 27th September 2026 at Sindhu Hospitals Auditorium, Hitech City.

This year, we bring to you a thoughtfully curated scientific experience centered around the theme: ***Common Yet Complex: Decoding Everyday Gynaecology with Precision.***

Gynaecology, while often dealing with common clinical scenarios, presents layers of complexity that demand sharp clinical insight, updated knowledge, and a nuanced approach. MAATRIKA 2026 aims to bridge this gap by focusing on practical, evidence-based strategies to manage everyday cases with greater clarity and precision.

We are delighted to continue in a hybrid format, making the conference accessible to a wider audience. Whether you choose to attend in person and engage in vibrant academic interactions, or join virtually from the comfort of your workspace, the experience is designed to be equally enriching and inclusive.

The scientific program promises a dynamic mix of orations, keynote lectures, panel discussions, symposia, debates, and multi-presenter sessions, all tailored to address real-world challenges in gynaecological practice. From routine cases to intricate clinical dilemmas, each session is crafted to enhance decision-making and improve patient outcomes.

MAATRIKA 2026 is more than just a conference—it is a platform for learning, collaboration, and innovation. It brings together experienced clinicians, emerging voices, and thought leaders to share insights, exchange ideas, and collectively elevate the standards of women's healthcare.

We warmly welcome you to be a part of this enriching journey—whether you join us physically or virtually, your participation truly matters.

Warm regards,
ISOPARB Hyderabad Chapter

Inviting
